CHILD(REN) INFORMATION (FULL NAME, DOB, PLACE OF BIRTH)

Provide where the above child(ren) have lived within the past 5 years beginning with 5 years from today's date until current and with whom. For instance, let's say your child spent the last 5 years living with both you and their other parent—you would share that, and include the address of the other parent and your current address in the chart below. This should be filled out separately for each child if their information is different as between them—however if all children resided as detailed in the chart, then it can cover all children.

CHILD CUSTODY QUESTIONS

Answer each question as precisely as you can. Skip the Questions that do not apply to you or your child or your legal situation. If the question asks about your child's school and your child is 1 day old, of course there is no school to include there—so skip that question and place N/A there to represent “not applicable”. Include any supporting information that demonstrates that your answer is truthful—for example if you allege that the other parent has interfered with your parenting time, provide a brief description and attach or notate in the answer that you have screenshots (from your cell phone) or audio file or emails demonstrating such. Last but not least, gather up all the photos you love of you and your family and child spending time together as well as photos that show your living space and where your child(ren) spend the bulk of their time resting or relaxing when they are at your home/ space.
